K'cht'k's methodical mind and multiple limbs have made them one of the most accomplished mechanics on Anasta. Along with Zan, K'cht'k designed and built the Twilight. In the rare times they are not maintaining the Mule, K'cht'k finds entertainment in working out hypothetical battle tactics for the Cohort.

SEVERE MOONPETAL POLLEN ALLERGY

When a powerful Moonshard was destroyed next to K'cht'k in a Moonpetal field, it intensified their natural allergy to dangerous levels. They use Air Currents to wrap themselves in a protective vortex whenever Moonpetals are around.
